## FAMILY VINEYARDS

### *2022 HAPPY CANYON SAUVIGNON BLANC*

Our vineyard is located in the warmest microclimate in the Santa Ynez Valley, which happens to be the perfect setting for growing world class Sauvignon Blanc. Evenings become quite cool, which helps to lock in the bright acidity we look for in our Sauvignon Blanc. Those chilly Happy Canyon nights then give way to dense early morning fog, which burns off quickly to allow for long afternoons full of bright sunshine, which helps our grapes to ripen perfectly on the vines and develop the lovely complex flavors you've come to expect in our "White Star of Bordeaux!"

Our 2022 Happy Canyon Sauvignon Blanc opens with fresh aromas of melon, coconut, and lemon zest. Flavors of tangerine and pineapple greet the palate, laced with hints of peach and tart pear. This wine has a lovely softness and roundness to the finish, which balances beautifully with the bright acidity our wines gained from those chilly evenings in the vineyard. Perfect with a light citrus salad or grilled shrimp fresh from the BBQ, this wine is truly a "staycation in a glass" and will quickly become your summertime 'go-to' wine!

<b>Varietals:</b>	80% Sauvignon Blanc 20% Sauvignon Musque
